

Established in 1993, Asian Information Technology (AIT) specializes in electronics components distribution and design services. AIT group, comprised of AIT, Apache, Henshen and Frontek, is a major distributor in Taiwan/China. HQ in Taipei, Taiwan. Capital is US\$77 million. Employees total over 500.

AIT group is targeted to be the most professional value-added distributor, not only provides the traditional sales and turn-key solutions, but also customized reference and production supports.

Products' applications extensively cover the fields of mobile phone, PC & PC related, networking, LCD TV, power supply, and communication. AIT group carries over 50 international brand names including Skyworks, AOS, CSR, Toshiba, Semtech, Spreadtrum...etc. For more information, please visit AITg website: <http://www.AITgroup.com.tw>
